

**Name:** Conway

**Location:** Conway, AR

**Market:** Municipal

**Application:** Aluminum Sulfate

**Size:** 10 Dia. x 21 '-0" St. Wall Fiberglass Tank

## PROJECT PROFILE

### Chemical Storage Above Ground Tank

*This 10' Dia. x 21 '-0" st. wall fiberglass tank was used to replace an existing aluminum sulfate tank for the city of Conway, AR. It included a caged ladder, safety hand rails, and a clear calibrated site tube. This calibrated site tube allowed for an easy visible read of current liquid levels in the tank. In addition, this tank was provided with structural engineering. Including calculations for seismic, wind loading, and anchor lug design. Engineering was provided with a Arkansas professional engineer stamp.*

## Why work with us?

- ☒ Turnkey Fiberglass Prepackaged Systems
- ☒ Reduced Construction Costs
- ☒ On Time Delivery
- ☒ Superior Quality
